Are you ready to reimagine what true inclusion can look like in our schools? We invite you to join a book study on *Your Students, My Students, Our Students* by Lee Ann Jung, Nancy Frey, Douglas Fisher, and Julie Kroener. This powerful text challenges traditional approaches to special education and calls all educators—general and special alike—to work collectively toward authentic equity and inclusion. Together, we'll explore:

- Building a school culture that champions equity and inclusion.
- Rethinking service delivery and the “least restrictive environment.”
- Partnering across roles to leverage every educator’s strengths
- Collaborating on instruction and interventions.
- Centering student aspirations in our planning.

Through discussion, reflection, and practical strategies, we'll consider how to disrupt the status quo and create schools where every student is our student. Come be inspired, challenged, and equipped for change!
